The company specializes in various techniques of plant extraction to receive a very concentrated high efficacy extracts and formulating those extracts together with natural oils and Dead Sea minerals to produce products that enhance and promote the skin's natural rejuvenation / healing process. The uniqueness of the products is that they do not "cheat" the skin / body by doing its work for it (and thus creating problems in the long run) but by providing it with all the necessary building materials it needs in order to do its job by its own, every skin ailments eventually disrupts the natural flow of those building (nourishing / moisturizing / rejuvenating / elasticizing / calming / cleansing) materials to the skin and by providing those materials in a natural state in an emollient that can be absorbed by the skin, we enhance and promote natural healing and/or rejuvenating process that will keep the skin in its healthy condition without any short or long term side effects.
